

GOING BACK to SCHOOL!

My school was closed for a long
time because of the COVID-19
virus.

When my school was closed, I did my learning from home.

On **Monday, 18th October** I will be going back to school.

When I go back to my school it will be fun to see my friends and my teachers again!

Some things may be a little different when I go back to school.

A teacher may use a thermometer to check my temperature. This will be to make sure I'm not sick.

If I'm sick, I need to stay home and rest until I'm better.

Grown ups may wear gloves. Gloves stop germs from spreading.

I will also wash my hands and use hand sanitiser a lot more often.

Some students at my school
may wear masks.

Masks protect me from germs
when people cough or sneeze.

Teachers will be wearing masks in the classroom and the playground.

It will be hard to see my teachers' faces but I will still recognise them.

If I don't have a mask on I will cough or sneeze into my elbow.

I will try not to touch my face when I am at school.

There may be other changes when I get back to school.

Sometimes change can be hard. When I follow the changes I can help keep myself, my friends and my teachers healthy.
