

At LPPS we will be participating in many activities which link to National Science Week – 12 - 20 August. The theme for 2023 is 'Innovation: Powering Future Industries.' The theme incorporates the advancement in technology in all industries, especially using artificial intelligence (AI). At our school we will be engaging in many exciting activities including a Science Incursion run by Fizzics Education on Monday 14 Aug and many more experiences throughout the week. Watch this space for photos!

Here are a few outings you can do with your family to celebrate National Science Week 2023
